Why do you need an automated and robust pro forma financial tool?

Accelerated Insights

In a few minutes, you can produce reliable and ready-to-use pro forma.

Risk Mitigation

Starting a program is always risky. A well-prepared pro forma mitigates the potential risks.

Planning

Pro forma allows you to forecast and budget for your program launch.

Credibility

The ML mode and the integration with Gray DI Benchmarking boost the pro forma credibility.

Break Even Insights

Know when your program will start generating profit and understand your ROI.

Stakeholder Buy-In

Presenting a well-prepared pro forma enhances the chances of approval.
