COLLEGE COMPANIONS

YOUR AI-POWERED STUDENT SUCCESS SUITE

College Companions by Gray DI is an AI-powered suite designed to support students across their academic and career journeys. Built on our deep expertise in higher education and powered by advanced AI, College Companions brings together intelligent assistants in one seamless experience. Available 24/7, they provide personalized tutoring, career planning, and other guidance grounded in real data. The result? Improved learning outcomes, stronger job readiness, and deeper visibility into how students engage and progress.

Career Companion

Career Companion is your students' AI career coach, guiding them from enrollment to job search. It combines student interests with labor market data, helping students find meaningful pathways based on their major and goals. It's the future of career advising—scalable, intelligent, and always available.

Course Companion

Think of it as an always-on, course-specific TA. Course Companion is a source-grounded AI tutor tuned directly on your syllabus, lecture videos, readings, and more. It supports students with personalized academic help, 24/7, using Socratic techniques to boost comprehension—without ever completing assignments for them.

Communications Companion

Communication Companion by Gray DI equips users with the skills to speak clearly, confidently, and effectively in high-stakes situations. From interviews and public speaking to tough workplace conversations and quick-thinking drills, this AI-powered coach offers real-time feedback and personalized practice—anytime, anywhere.
